Art Unit:

Claims 68-107 are presented for examination.

Claim 68 is generic to a plurality of disclosed patentably distinct species comprising the different disorders listed in claim 70. Applicant is required under 35 U.S.C. 121 to elect a single disclosed species, even though this requirement is traversed.

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Note: Applicant is reminded that the claims in the originally filed application are claims 1-67 and not 1-71. Therefor the renumbering for new claims starts from 68.

1. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Examiner Fay whose telephone number is (703) 308-4604.
